

2017 RECREATION GTI™ SE / 130 / 155

Enjoy the Intelligent Brake and Reverse (iBR) and many convenience features such as a Touring Seat, Reboarding Ladder and Variable Trim System (VTS). Plus, choose between 3 engine options, including the fuel-efficient Rotax 900 HO ACE.

RIDER CAPACITY

Weight capacity 600 lb / 272 kg

DIMENSIONS

Fuel capacity	15.9 US gal / 60 l
Length	132.6" / 336.8 cm
Width	48.5" / 123.1 cm
Weight (dry)	640 lb / 291 kg (GTI SE) 790 lb / 359 kg (GTI SE 130 & 155)
Storage capacity	30.8 US gal / 116.6 l

ENGINE

Type	Rotax 900 HO ACE Rotax 1503 4-TEC® Rotax 1503 NA 4-TEC
Intake system	Naturally aspirated
Displacement	899 cc (900 HO ACE) 1,494 cc (1503 & 1503 NA)
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR
Starter	Electric
Fuel type	87 octane

Black & White ●
Sunrise Orange & White ●

HULL

Type	GTI
• Medium-sized platform	
• Moderate V hull	
• Forgiving and nimble	

iBR® (INTELLIGENT BRAKE & REVERSE)

TOURING SEAT

REBOARDING LADDER

VARIABLE TRIM SYSTEM (VTS™)

ROTAX® ENGINES (900 HO ACE™, 1503 & 1503 NA)

RETRACTABLE SKI PYLON (OPTION)

ENGINE

899 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder (GTI SE model)	The most compact and lightweight engine on the market today. The Rotax 900 HO ACE incorporates crisp acceleration, impressive fuel economy and an excellent power-to-weight ratio.
1,494 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder (GTI SE 130 / 155 models)	This naturally aspirated Rotax engine has been tested and proven to be incredibly reliable and fuel-efficient for more than a decade. Plus, the Rotax 1503 NA is the most powerful, naturally aspirated Rotax engine on a Sea-Doo offering instant acceleration for instant fun.
iTC™ (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

Polytec™ (for model with Rotax 900 HO ACE engine)	The hull is made of Polytec material, a recyclable, low density and high-impact composite material that includes polypropylene and long glass fiber reinforcements. It was designed to maintain the structural integrity of the watercraft under stress while providing light yet durable parts to support the construction of the product.
iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
Touring mode / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Elevated fuel filler	Easy access and prevents water intrusion while refueling.
RF D.E.S.S.™ Key	With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
Off-Throttle Assisted Steering (O.T.A.S.®)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Interactive Multifunction Digital Information Center	Fuel level, Tachometer, Speedometer, Touring mode, Sport mode, ECO mode, Hour meter, Compass, F-N-R indicator and more.
Handgrips with palm rest	Seat strap
Sponsons	Front splash deflector
Bumpers	Dual drain plugs
Wide-angle mirrors	Flush kit
Tow hook	Emergency floating lanyard
Footwell carpets	Operator's guide, instructional video and booklet
Rear grab handle	

GTI SE / 130 / 155

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner ¹ for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

SE PACKAGE

Reboarding ladder	Makes reboarding from the water easier and quicker.
Additional gauge functions	VTS, Fuel consumption instant & average, Clock.
Variable Trim System (VTS)	The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water.
Touring seat	Ergonomically designed for comfort and great looks providing ultra-plush seating for three – permits rear-facing spotter for watersports.
Swim platform carpet with Sea-Doo logo	

OPTIONS

Retractable Ski Pylon	
Wakeboard Rack	
Shock Tube	
Depth Finder	
Ski Module	
X package module (Time / distance to empty, Top / average speed / RPM, Lap timer and Engine temperature)	
Sea-Doo Speed Tie™	
Dry Bag	
Ski Tow Eye	
Front Storage Tray	
12-Volt Outlet and Installation Kit	
Safety Equipment Kit	
Bilge Pump Kit	
Sandbag Anchor	
Fire Extinguisher	
Snap-in Fenders and Installation Kit	
Sea-Doo Move Trailer	
Watercraft Cover	

WARRANTY

BRP limited warranty covers the watercraft for one year.
